WORK EXPERIENCE

Tata Consultancy Services
Systems Engineer

July 2023–Present

Responsible for Developing CRM Siebel

As a dedicated professional, I've been actively involved in enhancing CRM Siebel to its fullest potential. My work revolves around leveraging various technologies to achieve this goal.

Here are the key areas I focus on:

- ✚ **ReactJS:** Exploring ReactJS to build modern and interactive components.
- ✚ **Open UI/UX:** Enhancing the user experience by working with Siebel's Open UI framework.
- ✚ **Accessibility-Ready Solutions:** Ensuring that our solutions are accessible to all users, regardless of their abilities.
- ✚ **JavaScript:** Leveraging JavaScript to create dynamic and responsive features within Siebel.
- ✚ **JQuery:** Harnessing the power of jQuery for efficient client-side scripting.
- ✚ **Siebel Tools:** Proficiently using Siebel Tools to customize and extend the Siebel application.
